**June 10, 2019**

MDwise sent a list of claims to the state for encounter/shadow claim payments. The state returned part of this list stating that the provider either was not enrolled with the TIN, Group NPI, LPI billed, or was not actively enrolled under the TIN, NPI, LPI combo on the date of service. The state reviewed these claims and determined that based on how the claim was billed, this payment was made in error. Please verify with the state that your billing information submitted on the claim is correct. For directions on reconsideration by MDwise, please [click here](#).
